**Subject:** pebble

- During a twelve-week period from March 12 through May 28, 2020, an interagency team of managers and scientific and technical staff from the Corps, EPA, and USFWS met weekly to discuss issues regarding the proposed Pebble Mine and the project's compliance with the CWA Section 404(b)(1) Guidelines. Key findings and areas of agreement include:

## Ex. 5 Deliberative Process (DP)

- The Corps also committed to reengage the interagency team in the review of any additional minimization and compensation measures developed by the permit applicant.
- EPA ended the 404(q) process in its letter dated May 28, 2020.
